DAHLIAS OF MERIT

Early orders can be filled. Orders will be booked in strict rotation as received, although shipments will not be made until spring.

(State what date you want them sent)

Allowing substitution saves time upon late orders when planting time is near.

I send out divided field grown roots, guaranteed true to name and to arrive in good growing condition.

TERMS: Cash with order. Orders are sent post-paid into first four postal zones.

For orders amounting to less than \$1.00 add 10c to order for packing and postage. Stamps will be accepted on such orders.

Types of Dahlias are abbreviated as follows: C—Cactus; H. C.—Hybrid Cactus; D—Decorative; P. F.—Peony Flowered; P. P.—Pompon; S—Show.

The Dahlia may be called "The people's flower," and also, "The Queen of the Autumn Garden."

The plants are covered with magnificent blossoms so gorgeous and varied in coloring as to be almost indescribable.

The soil and climate in "The Land of the Sky" produce dahlia bulbs of the highest quality.
